Dear Sam:

I just wanted to write to thank you for all your hard work and diligence in planning our business meeting in Costa Rica. Your persistence with the hotel staff in getting all the details worked out in advance and to have everything put into the contract was much appreciated. It made everything go very smooth once we got there.

Even the selection process that you took us through to pick the destination and then the resort was very thorough and your advice was excellent. I am so glad that we had you to rely on. We had never been to Costa Rica and were concerned about organizing this business meeting for people from across the USA to attend. But your recommendations were perfect!

Please feel free to use me as a reference. We will definitely be using your services for all our trip planning needs and will be referring you to our business partners.

Sincerely,
AMERICAN FIRE EQUIPMENT
